

PRE-ANESTHETIC CONSENT FORM FOR CANINES

PLEASE READ CAREFULLY

Just like you, our greatest concern is the well-being of your pet. Before placing your pet under anesthesia, the doctor will perform a full physical examination. The physical exam may not be able to identify all of your animal's health problems. Blood testing prior to sedation can reduce the risk of complications throughout and after the procedure. Please read through the options below and their descriptions on the last page:

Please Initial next to ONE of the following options for pre-anesthetic blood testing:

Basic Pre-Anesthetic Blood Screen: (\$86.50)

Initials: _____

CBC/Chem blood panel: (\$234.94)

This blood test is required for any dog over the age of 7yrs, but a great baseline for pets at any age

Initials: _____

I would like to DECLINE any pre-surgical bloodwork

Initials: _____

All add-on blood tests are at a discounted price when you combine them with one of the pre-anesthetic blood tests above. They will be charged at regular pricing if done without pre-anesthetic blood testing.

Add-On Heartworm Test: (\$40.37)

Initials: _____

Add-On 4Dx Test: (\$83.84-A great value. No need for the individual heartworm testing above if you can have this)

Tests for heartworm disease, lyme disease, ehrlichiosis, and anaplasmosis

Initials: _____

Add-On Surgery Diagnostics Monitor: (\$25.15)

Includes blood pressure, ECG, and oxygen levels

Initials: _____
